Dear Sir / Madam,

Pursuant to clause 36 of the Listing Agreement, we wish to inform that ongoing agitation of lorry loading workers since last February, 2013 has resulted in short supply of raw materials to the plant. Further, bilateral discussions were going on between the management and batch leaders but the dispute is not yet resolved. As a result plant operations are badly hit due to acute shortage of raw material. Due to disruption of further supplies of raw materials to the plant, the existing raw material stocks available in the plant has exhausted and the operations at the plant have been put to a complete halt, since night shift of 10.01.2014. Further please note that once the normalcy is restored in the company, it shall resume its operations.

While the above is for your information and record, the Company shall keep the exchange posted on further developments, if any, in the matter.

Thanking you,

Yours faithfully,
For Facor Alloys Limited
